Skills

If I don't know, I learn

Pragmatic

English and Spanish

Linux and Open Source

Electronic Technician

Frontend developer

AWS, Google Cloud

Passion for learning

Scrum & Teamwork

Germán Aliprandi

Frontend developer & Linux fan

I am from Argentina, a web developer with more than 10 years of experience in frontend technologies, and I have solid knowledge of Javascript and CSS as of the main libraries.

We are currently considering moving to Australia with my wife and two children, and we are determined to work hard to achieve it.

I like to keep up to date with the latest technologies and apply development practices.

And I would like to find a project and team in which I can apply everything I have learned.

My favorite technologies

Linux systems	Javascript Clean Code	Serverless, AWS & GCP	Svelte & React
Bash scripting	PWA & Service Worker	MERN Stack	Modern CSS code

Personal developments

Gadget website
Website and products catalog of Gadget company.
Tools: Svelte, Serverless, GCP.
Website: micamara.ga
**Code:** github.com/galiprandi/micamara.ga

eventManager
eventManager is a small library (less than 1kb) that help to catch and manage DOM event easily.
Tools: Javascript.
Github: github.com/galiprandi/eventManager

css-toolset.css
A small set of CSS tools to generate mobile sites with modern styles.
Tools: CSS.
Website: galiprandi.github.io/css-toolset.css/demo.html
Code: github.com/galiprandi/css-toolset.css
